## Illumiton™ Bicycle Safety Lights

• Illumiton Safty LED lights are fun and bright!

Their stretchy tails wrap around a handlebar, seat post, pole or strap and attach to the hook under the chin so they stay put just about anywhere.

• **BUT THERE'S MORE!** Because of our exclusive patent pending design, these close with a small screw/nut system making them **KID SAFE!** Normal silicone safety lights make accessing batteries, LEDs and circuit boards as easy a peeling the skin back. These new Illumiton Safety Lights give the extra level of child safety for peace of mind.

• Not just for bicycles! Illumitons also attach to Halloween bags, key chains, stair rails, backpacks... all kinds of uses. They are ideal for cyclists, walkers, runners, workers or anyone outside who needs to be seen to be safe.

• Available with White LEDs (Headlight) and/or Red LEDs (Tail Light)

• Features 3 functions: Steady On / Blink / Chase

• 2 CR-2032 Batteries Included

## Rotating Handlebar Cell Phone Mount

Our rotating cell phone holder fits most phones – those between 2 1/8" to 3 1/8" across which includes most brands including iPhones and Androids.

Just place your phone between the brackets and squeeze them together until it is snugly held in place. Silicone inlays cradle your phone gently but securely. Press outward on the two red buttons to quickly release your phone.

Once in place, you can twist the mount 90 degrees to view in both vertical and horizontal positions. (Portrait or Landscape).

Easy mounting requires no tools. Includes white pad print.

**Part Number:** RCH-01

**Price Includes:** White Pad Print

**Setup Charge:** \$50 (U)

**Exact Reorder Set-up:** FREE

**Product Dimensions:** 3" L x 3" W x 4" T

## Tire Levers Set of Three

No one should ever use a screw driver to remove a tire! These custom imprinted tire levers are perfect for easy removal and replacement of bicycle tires.

The scoop side easily gets between the tire bead and the rim for quick removal without damaging expensive rims or puncturing the tube.

Tire levers are a great promotional item, and we make a great tire lever!

Riders commonly use more than one lever to remove and replace a tire. One is used to create a gap, and then hooked onto a spoke to hold it open while another is used to slide around the rim to increase the opening.

**Part Number:** TL-012S

**Price Includes:** Single color white pad print

**Setup Charge:** \$50 (U)

**Exact Reorder Set-up:** FREE

**Product Dimensions:** 4" x 3/4" x 5/8"

## PREMIUM CAP OPTIONS

### STANDARD CAP

All bottles are priced with this standard cap. It is a widemouth leak-proof screw on cap with a soft poppet.

**Colors:** See Below

**COST:** Included

### SUPER-FLOW CAP

Because of the unique "no center post" design of the poppet, this cap has the BEST waterflow in the industry!

**Colors:** Black, Blue, Frosted Clear, Orange, Red, Trans Green, Yellow

**Cost:** .45 Per Bottle (G)

### POWER-FLOW CAP

This unique cap features a patented one way valve that opens with a gentle squeeze - releasing a jet of liquid. When the rider stops squeezing, the valve reseals to become water tight!

**Colors:** Black, Frosted Clear, Neon Lime Green, Neon Orange, Neon Pink, Trans Blue, Trans Green, Trans Red

**Cost:** .45 Per Bottle (G)
